### GREEN GRASS UNDER THE SNOW.

The work of the sun is slow,
But as sure as heaven, we know;
So we'll not forget,
When the skies are wet,
There's green grass under the snow.

When the winds of winter blow,
Wailing like voices of woe,
There are April showers,
And buds and flowers,
And green grass under the snow.

We find that it's ever so
In this life's uneven flow;
We've only to wait,
In the face of fate,
For the green grass under the snow.

—*Springfield Republican.*

### HOW TO WAKE UP.

A medical writer does note approve of the old doctrine which formerly was instilled into the minds of children—that they should spring out of bed the instant they are awake in the morning. He says up to eighteen years old every child should be allowed to rest in bed, after sleep is over, until they feel as if they would rather get up than not. It is a very great mistake for persons, old or young—especially children, or sedentary persons—to bounce out of bed at the moment they wake up; all the instincts shrink from it, and fiercely kick against it. Fifteen or twenty minutes spent in gradually waking up, after the eyes are opened, and in turning over and stretching the limbs, do as much as good sound sleep, because these operations set the blood in motion by degrees, tending to equalize the circulation; for during sleep the blood tends to stagnation, the heart beats feebly and slowly, and to shock the system by bouncing up in an instant and sending the blood in an overwhelming quantity to the heart, causing it to assume a gallop where the instant before it was a creep, is the greatest absurdity. This instantaneous bouncing out of bed as soon as the eyes are open will be followed by a weariness long before noon.

### MAUD MULLER IN TEXAS.

From the San Antonio Gazette.

She stood in the centre of a potato patch and was vexing the ground with a hoe. About twenty summers had passed over her head, which seemed never to have been combed. She couldn't have borrowed a curry-comb to subdue that head of hair without first depositing collaterals to have it repaired after she got through with it.—Her face resembled a pretty mask made of mud, and her eyes sparkled through a couple of cracks like diamonds. A peculiar and winning grace attended her every movement, and had fortune been kind to her she would doubtless have shone as a bright particular star among the most attractive of her sex.

HELPING YOUR NEIGHBOR.—In certain parts of New Jersey, if a man wants to move his family and effects, he makes a moving; his wife works hard, bakes cakes and pies and bread, etc., dresses chickens, and, in fact, gets ready for a feast; then they invite twenty or more to come with their teams. All go to work and move the family in a very short time, each taking a load. When they get to the house they put up the stove, and some of the women go to cooking the meat and vegetables, while the rest set the house in order; then after that they have their dinner, for they think a good deal of eating, down there. To wind up with, perhaps, they will have a frolic.

"A dollar is a large price for a watermelon," said a purchaser to a vender of this fruit, as he was paying for one the other evening. "You wouldn't think so, miscer," said the dealer, "if you had to set on the fence with a shotgun in your hand every night for three weeks, watching the patch."

Rev. Mr Sankey says Queen Victoria is "just such a pleasant, womanly body as we see every Sabbath in the Amen corner of our Methodist churches in America."

A man called on a dilatory debtor and politely said: "If you will pay me the amount of my bill immediately, you'll oblige; if not, I shall have to oblige you."

There is one Detroit man who doesn't put on the gloves any more for exercise. The doctors are feeling the back of his head to find his nose.

**ORGANS!**

The superiority of the instruments we represent—the reputation of which is national—cannot be questioned. Remember also, that we have no fictitious prices, which dodge enables some dealers to offer large discounts to purchasers, thereby making them think that they are getting a bargain, when, in reality, they are getting a poor Organ, and pay as much for it as would buy a first-class instrument. A purchaser should not buy a Piano or Organ for what it seems to be, in the wareroom, but what it will be, after ten or fifteen years' use, therefore select one, the reputation of which, for durability and beauty of tone, cannot be questioned. Such qualities you will find in the Steinway, Chickering, Haines Bro's., A. Sumner & Co., and Parlor Queen Organs; the Burdett, Packard, Waters' Concerto and Palace Organs, which have an almost unlimited warrantee, backed by responsible men. We invite all to call and examine the finest stock of Pianos and Organs ever brought to Decatur.

DECATUR, ILLINOIS:

## Republican County Ticket.

For County Treasurer,
GEORGE M. WOOD.
For County Surveyor,
GEORGE V. LORING.

We understand the *Republican* has received orders to keep their mouths closed on the bullift question. We suppose they have only closed to invoice their candidate again. It has been two days since they have had anything.—*Tribune.*

The sapient editor of the *Tribune* is an "honest" man—at least he follows the honest man's plan of measuring other folks' grain in his half-bushel, and because Mr. Park has silenced some of the silly statements made for him by the grasshopper, and forbidden him to put his foot in the meal tub again, he insanely imagines that *other* newspapers are weak enough to submit to similar dictation.

An article from the Indianapolis *News*, which we copy in to-day's paper, ought to be read by everybody, as it is peculiarly pertinent to the times. The Democratic and so called "Independent" press, as well as the public speakers of the party, have a terrible sin to answer for, because of their efforts to array one class of citizens against another, and stir up troubles which are calculated to lead to riot and bloodshed. In their zeal to catch votes the newspapers and speakers of the class referred to make the basest appeals to the passions and prejudices of the unthinking, restless elements of society, and continually howl about "the oppressions of capital," "the grinding monopoly of the banks," and such other clap-trap as the demagogue knows so well how to use—utterly oblivious of the fact that capital is but the surplus earnings of labor, and banks but the necessities of a civilization which improves and betters all classes just in proportion to the demand which the industry and frugality of the people makes for their creation. This is an age and a country in which people of all classes mutually depend upon each other for their prosperity, and the man who endeavors to array labor against capital, or capital against labor, is an enemy to the best interests of everybody. And yet this is just what a large and influential party is doing in this country to-day. For the sake of gaining office, and being in possession of the government, the Democratic party—and its running mate, the Independent-Reform party—is willing to array one set of people against another, by inflaming passions and prejudices that ought to be kept in subjection by lessons of moderation and reason.

We have, here in Decatur and Macon county, a few malcontents and adventurers, who are doing their best to stir up strife in this way, and who are ambitious to achieve the distinction of being *leaders*, even if it be in a species of communism that seriously threatens the peace and prosperity of the country.

Senator Hamlin, of Maine, is going to do the best he can toward escaping from the odium he has suffered ever since that amendment of his to the postal law was passed which doubles the rates of postage upon transient newspapers. It is already announced that he will take an early opportunity in the Senate to explain his connection with the matter, and will insist that he has been greatly misrepresented. The way of it was this: The express companies were lobbying to get the laws amended so that packages weighing as much as four pounds could not longer be carried in the mails, on the pleas that the mails were overburdened with this class of matter, and that the government was carrying it at a loss. The department showed that the former claim was not true, but could not deny that the latter objection was well founded, and so proposed to checkmate the express companies by not reducing the limit of weight, but doubling the rates of postage on such packages, and "through an inadvertence," for which Mr. Hamlin claims he is not responsible, the change was made to apply to newspapers as well. It is announced, by the way, that the doubling of rates on packages has not decreased their number, while it has largely increased the revenue, and the postage on newspapers will probably be put back to the old figures by the next Congress.

## A GOOD WORK.

From the Indianapolis News.

An incidental but by no means an unimportant result of the Ohio election, is the seal of popular condemnation put upon the scandalous and dangerous truckling of the Democracy to the communistic extravagances of a class of workingmen who have been led by bad guidance into a position of hostility to principles which underlie the whole structure of orderly society. Many of these are foreigners, particularly the miners, who have been most conspicuous for violence and dangerous absurdities, and they retain here the animosities engendered by their condition at home and make them mischievous here by a political power which they were not allowed at home. This combination of civil influence with incendiary opinions is a serious evil, the remedy of which lies wholly or mainly in the reprobation of it by public sentiment.—The bad classes can not be deprived of their rights because they use them badly, for popular government will bear no such precedent. Nor can the absurdities be eradicated by better instruction, for the men are not of those who will receive instruction. Like all prejudices their notions will tolerate no "other side," and they are practically as far removed from the improvement of intelligent society as if they lived in the Pacific Islands. They form the "Molly Maguire" associations of murderers and incendiaries, who are the more mischievous for being ignorantly sincere in their opinion that property and law abuse them and should be regarded as enemies. In all the big "strikes" there has appeared more or less of this element. It talks of the most horrible crimes as the readiest resource of labor against capital, it advises bloodshed and burning, and produces them, too. We saw it in the meetings of sympathy with strikes held in New York, and in the course suggested to the Fall River malcontents.

To this utterly mischievous spirit the Ohio Democracy truckled with a baseness of demagogism never surpassed. With intelligent workingmen of whatever nationality—and the great body of all our skilled labor is intelligent and well informed, and as hard to confuse or mislead as the body of mercantile or professional intelligence—such appeals were idle, but they told with the "Molly Maguires" and the communistic perverts, who believe that anything advocated by the orderly classes is hostile to them. The policy of specie payment and honest currency was "keeping them down," the Democrats said, and some Republican fools repeated it. "The banks and the monopolists want to make money off your poverty and degradation. They are trying to make the rich richer, and the poor poorer, and they don't care how much you suffer." And these mean and rascally appeals to dangerous prejudices in a class of men but too well disposed to unlawful remedies of what they have been told are their wrongs, were sometimes backed by Republican utterances but little better. The Fall River strikers who refused wages and then begged support of public charity, were sprinkled with tears and petted with such lamentations as that we quoted the other day from a Chicago paper. "These are the men who rushed to arms to defend the Government, now crushed to the earth, all the courage taken out of them, by the policy of contraction." Bah! Such stuff is worse than silly. The men, in nine cases out of ten, had as little to do with the war as the Sons of Liberty. Many are foreigners who have arrived since the war, and many others are of that precious class which made the New York draft riots and burned the orphan asylum. The manliness and spirit that made volunteers in the war, would have prevented them from begging what they could earn, and they did beg support after peremptorily refusing wages and forming bodies to interfere with those who were willing to work. All such sympathy strengthens the evil of such demagogism as the Democracy practiced. To get these ignorant or perverted votes that party patted the unruly classes on the back and "coddled" them with denunciations of the "banks" and the "monopolists" and "capital," "which must be put down and workingmen protected." There was a flood of such poisonous babble as this, and we may see mischief come of it yet. The election of Tuesday has turned it aside or dammed it up, for the time, but it has not taken the offense out of it. What it has done is to set popular reprobation upon it, and weaken its future power for evil. The election says such a calamitous game won't win, and will make a resort to it less ready and open. And that is a very considerable service, well worth all the trouble it took, if it was all that had been done.

Rumor hath it that Mr. Park's time is about all taken up now in a very singular sort of way, to-wit: in assuring everybody he meets that he is in no way responsible for the utterly wild and reckless statements made in his behalf by the carpet-bagger of the *Tribune*. Poor Richard! With his extra clerk hire, and the rapid munchings of "Zip" and his grammar smirching chief all to explain away, he has a hard time of it.

The rejection of the fraudulent vote of Perrysburg increases Hayes' majority for Governor in Ohio to 5,007, while the majority for Young over Cary for Lieutenant Governor is about 12,000. The Senate stands 21 Republicans to 16 Democrats, and the House 65 Republicans to 46 Democrats—Republican majority on joint ballot, 24.

### REPORT THAT CHANDLER IS TO GO INTO THE CABINET.

### More Gold Reports from the Black Hills.

### RAILROAD MAGNATES IN ST. LOUIS.

### How Tweed's Thieving was Managed.

### A MEMBER OF THE RING IN COURT.

### Home and Foreign News.

Washington, Oct. 18.—It now seems generally understood that the President has tendered the appointment of Secretary of the Interior to ex-Senator Chandler, of Michigan, who has the matter under advisement. Mr. Chandler is here and this morning had an interview with several members of the cabinet, who all decline to give any information on the subject.

St. Louis, Oct. 18.—The *Times* this morning, referring to the late visit here of Jay Gould, Sidney Dillon, Oliver Ames, and other railroad magnates, says the main object of their visit was to perfect arrangements to run through cars from here to San Francisco via the St. Louis, Kansas City and Northern and Missouri Pacific railroads without change, and ultimately from New York via the New York Central railroad, through the city. It is further said that this project is designed to forestall the action of the National Railroad Convention, to be held next month, and, if possible, to kill the Southern Pacific project, which has many strong friends here.

Cheyenne, Oct. 16.—Prof. Walter P. Jenney, chief of the geological expedition to the Black Hills, and assistants, returned here to-day, having spent five months in the Hills and made quite thorough examinations of the whole country and mapped it from Belle Taurche to the south fork of the Cheyenne river. He reports the gold fields extending forty miles north from Harney's Peak and twenty miles wide, that contain gold in quantities that will pay from $3 to $5 per day to the man, and there are bars on numbers of streams that will pay much more than that.—Water supplies are ample for working purposes, and fall sufficient to carry water from the top of most of the bars and allow tailings to be readily disposed of. The gold is coarse scale, good, easily separated from gravel and sand. The professor has with him an ounce of coarse gold two men obtained on Spring Creek, with ten hours' labor. An assay of this gold shows it to be 940 fine, worth $18.23 coin to the ounce. Prof. Jenney corroborates General Custer's report of the Hills, and says they will support thousands of miners when the government opens them to settlement. The valleys are all adapted to agriculture, and the hills and canyons to stock raising. Rain fall is plentiful and timber abundant. His official report will be made from New York, probably before congress meets.

New York, October 18.—James H. Ingersoll, in a suit against the estate of County Auditor James Watson, to recover $77,292.82, instituted on the ground that the county was defrauded of that sum by fraudulent bills, testified that in 1869 and 1870, he furnished materials to the county through Tweed, Woodward, Sweeney, Watson and others. Ingersoll was told by Woodward that he must make his bills large enough to pay Tweed 25 per cent. and Connolly 10 per cent. In 1868, 5 per cent. was added, to be equally divided between Watson and Woodward.

In 1869 Tweed was getting 25 per cent., Connolly 20 per cent., Watson 5 per cent. and Woodward 5 per cent. His bills were not verified, nor was there any proof given by him of their correctness. He furnished his bills to Watson, who did the figuration of the accounts to be divided, and he (Watson) gave him warrants amounting to about $800,000 for repairing and furnishing armories, drill rooms, and other public buildings, which were identified by Ingersoll as warrants on which he had received 10 per cent., the remainder being divided among the other members of the ring.

Charles T. Dillingham, a partner of the suspended firm of Lee & Shepherd, has bought the stock, good-will, etc; of the firm, and will continue business. This will terminate the difficulties of the New York firm.

The *Evening Post* says: "There was a conference in this city last week between representatives of the principal lines running east from Chicago, in regard to another advance in rates. From one of the main parties in interest, we learn that a further advance was substantially agreed upon."

Selma, Ala., Oct. 18.—Isaac McAfee, colored, for obstructing the railroad and causing a terrible accident a year ago, was to day convicted and sentenced to twenty years imprisonment.

Chicago, October 18.—A fire last night, at the corner of Randolph and Canal streets, destroyed a frame building occupied as a dwelling, cigar store and saloon. During the hurry of leaving a negro baby was left behind and perished in the flames.

Atlanta, Oct. 18.—Clarke Edmonds, a negro, charged with rape of a white woman, was taken from jail by a large mob early Sunday morning and hung on the gallows where his brother perished the week before.

Boston, Oct. 18.—At a meeting of the creditors of Lee & Shepherd, today, it was agreed to accept twenty cents on the dollar, payable in from three to twenty-four months from next November, the last three payments to be secured by indorsements.

Pittsburg, Oct. 18.—Rogers & Burchfield, prominent iron manufacturers of this city, have suspended. They have been operating two mills, one at Leechburg, and another at Apollo, Pa. Assets and liabilities unknown.

London, Oct. 18.—John Morris, counsel for the bond and stockholders in the Erie railroad, has presented his report, and it has served to depress Erie shares, as it indicates the necessity of heavy sacrifices by the holders of Erie securities. Morris paraphrases the most important recommendations contained in Sir Edward Watkin's report, and adds some information about the difficulties which would attend the foreclosure, and about the amount of fixed charges, which exceed the net earnings by $1,000,000, and the necessity of subordinating bondholders' claims to such charges and the floating debt.

Twenty-one persons were lost by the wreck of a French schooner on the coast of France.

The steamship Faraday intends sailing to-day, or to-morrow, to repair injury to the direct United States cable. It is expected the repairs will be completed about the 10th of November.

The Mark Lane Express says: In consequence of recent heavy rains seed time must be less promising. The dampness has affected most of the new samples. Large foreign arrivals have checked the upward tendency in price, but holders are still indisposed to make any concessions; trade is, therefore, inactive.

At Paris, prices are rather lower, while in the provinces of France, wheat is steady and somewhat higher.

Belgium is unchanged, while Holland is firmer, and Germany steady but inactive. Vienna is also inactive, but Odessa is firm at an average of 1s 2d higher, the bulk of seed being full 3s inferior in price to previous crops.

The London papers, this morning announce the failure of Messrs J. H. W. Dudvon, of the sun engine works, and mill, wall, and iron shipyard, Cubitt town. Liabilities estimated at $500,000.

Milan, Oct. 18.—The emperor of Germany is expected here this afternoon. One hundred thousand people are gathered in the vicinity of the railway station.

Debt.—An editor, whom we should judge to be head-over-heels in debt, says that the man who owes to nobody is a poor, miserable being. Look at our great men; they are all debtors—owe to everybody; our men of science, our authors, our sensation ministers—all the entire cahoot of them are deeper in debt than Pharaoh's army were in the Red sea. Debt ennobles a man; gives him a more expanded and liberal view of human nature; makes him energetic, healthy, and active, and keeps him moving. Nothing will cure the consumption quicker than a good, strong dose of debt, properly taken. To owe, is human; to pay, divine. Therefore, till man becomes superhuman, he should not attempt to emulate divinity. The science of payment, the true modern science, is to get into debt to somebody enough to pay somebody else whom you owe. By this means you will avoid getting out of debt, and yet maintain a reputation of paying. The greatness of a nation increases with its national debt. Make a note of this at ninety days.—*Ex.*

The St. Louis *Times* (Democratic) has also been holding an inquest on the remains of the party since the Ohio election, and thus records its verdict:

Men and brethren, come and let us reason together. The Democratic party of the past—the party of hard money, specie payments, Silas Wright, James K. Polk, Thomas H. Benton, and John C. Breckinridge, was buried at Appomattox Court House.

Can the new Democracy rise to the height of an undaunted leadership and go before the country as the old Democracy used to do, the champions par excellence of the people? We think not. We are firmly of the opinion that the Alleghenies have broken its back.

As the day of election draws near, our friends should redouble their labors. Let there be no stay-at home voters this year. Every man is needed at the front.

..An air-ship is being constructed in Baltimore, which, when it sets sail, we hope may come this way and anchor a few hours in Decatur. We would fit it out with a cargo of dead-beats, sneak-thieves and robbers, that would serve for ballast, which might be discharged as occasion should require in the passage of the vessel across the Atlantic.

..The following from the Champaign *Gazette*, may furnish a profitable suggestion to creditors of the Midland Railway in this vicinity:

Not long since some parties who held some long-standing accounts against the Illinois Midland Railroad, seeing no prospect of getting their money, levied on a couple of cars standing on the side-track at Kenney. They were sold at auction, one, a box car, bringing in the neighborhood of $100, and the other, a flat car, was bid off at $47. The parties purchasing them having no track of their own for them to stand on got a house-moving apparatus and with the aid of a number of jack-screws, and other paraphernalia, succeeded in jerking them off of the track on to the prairie, where they now stand as a warning to the railroad company.

*WESTERN COAL AND MINING CO.*

The Western Coal and Mining Co. are filling orders for any quantity of superior Howlett, Anthracite, Block and Blacksmith Coal, to any part of the city, at lowest prices.

**Correction.**—The meat market on Eldorado street, of which the money drawer was robbed one night last week, and which is spoken of as belonging to Mr. Kincaid, is kept by Mr. Scott, Mr. K. being there in the capacity of clerk.—The mistake arose from Kincaid being in court to identify the change that was taken, which he did by one certain nickel in which there was an indentation, which he noticed particularly when he counted up the money on closing the shop that night.

**A Clerical Visitor.**—Rev. Dr. Browne, formerly a Jewish Rabbi, of Peoria, will spend next Sunday in the city with acquaintances who reside here. He is a very learned gentleman, and lectures upon a variety of interesting topics, and if our people should wish to hear him speak on Sunday afternoon or evening, they can probably make arrangements to do so by calling upon Mr. Goldburg, who will give definite information as to the subjects upon which the Doctor is accustomed to lecture.

**Sociable.**—The congregation of Stapp's Chapel will hold a Sociable at the residence of Mr. George Stare, on Franklin street, on Thursday evening of this week. A general invitation is out, not only to the congregation, but to any others who may be pleased to come, and form the acquaintance of the new Pastor and his family.

**Epizootic.**—This destructive disease threatens to make the tour of this State this fall and winter. It is doing quite a business at Peoria and at several other points. In Wheatland two or three horses have died from a lung complaint closely resembling it, and others have been, and are, troubled with a cough.—It will be wise for farmers and owners of horses generally to use what precaution they can to prevent the contraction and spread of the disease among their animals.

**Getting Settled.**—Rev. Mr. Best, the new Pastor at Stapp's Chapel is setting things to rights at the Parsonage and getting in shape for housekeeping.

**The Largest Stock of Corsets**—Mrs. Moody's, Jacqueline, Madame Foy's, and lots of other styles—sold at Goldburg's cheaper than at any other place.

**Change of Time.**—The Maroa *News* gives notice to its readers that next week and thereafter it will issue on Friday instead of on Saturday, as heretofore. The change is a good one, for the reason that under the new arrangement the paper will reach all its county readers in the same week of its issue, which it cannot do in all cases when publication is delayed until Saturday.

**Cheap Dry Goods for Everybody.**—The rush still continues at the great Bankrupt Sale, No. 24 Merchant street, A. A. Cooper's old stand. 16-dtf

## MARRIED.

Near Harristown, October 14th, 1875, by Rev. J. B Colwell, MR. L. B. CHASE, of Dwight, Illinois, to MISS KATIE T. TALBOT, of Harristown.

Very much could justly be said of this happy affair. The costume of the bridal party was brilliant and beautiful; the company select and refined; the repast was rich and bountiful; the ceremony was impressive, and the social enjoyment the most free and pleasant possible. The parlor was brilliantly lighted with lamps—though the ceremony took place at 11 o'clock, a. m. The room was first darkened, and the lamps gave a sparkling and novel appearance to the whole scene. The ring was included in the ceremony.

## BOARD OF EDUCATION.

DECATUR, ILL., Oct. 18, 1875.

Present, Messrs. Johns, Ullrich and the Clerk.

On motion the Clerk was directed to issue an order in favor of Dr. A. J. Wallace for 32 cords of wood, at $4 per cord—$128.

The Superintendent was directed to have the cinders on the high school yard hauled to the second ward.

On motion, William A. Barnes was unanimously elected to fill the vacancy caused by the removal from the State of Col. W. H. Harris.

On motion, adjourned.

**A Good Move.**—The Masonic fraternity of Monticello is arranging to put up a large building in which a fine lodge room will be finished, and the balance used for business purposes. Would it not be a good idea for the Fraternity in this city to put up a fine block, the first story of which could be used for stores and the upper part devoted to the uses of the order. By such a move they would furnish themselves excellent accommodations, and at the same time make a paying investment of their funds. They would also, by putting up a fine, imposing structure, add that much to the appearance of our city. So by the adoption of such a measure three important points would be gained.

**Capt. Bogardus,** the champion pigeon shooter of the world, is in town, and is to give a shooting exhibition at the fair ground, at 4 o'clock in the afternoon on Thursday next. For particulars, see bills and posters. The Captain now holds the medal as champion of the world, and his presence will be likely to attract a large crowd at the fair ground on Thursday.

**Fast Horses.**—The meeting of the Decatur Trotting and Running Association, which takes place to-day, to-morrow and Thursday, is exciting quite an interest among sporting men, and has called to the city several owners of fast stock outside the county. This morning there was a grand street parade of the animals entered for the different trials of speed, headed by the Decatur band.—Twenty-four horses were in the procession.

They have now in stock everything that people can possibly wish in the line of foot-gear, and are selling at prices that defy competition. **Prof. W. H. Moll** will open a dancing class for beginners, at Brenneman's Hall, on Tuesday evening, at 7 o'clock, sharp. Terms, 50 cents per lesson. The Terpsichorean Club will meet at the same place on Tuesday evening, as usual. [18-2d

**Stop! Stop! Read! Read!**—It is a plain fact that Prescott & Co., our enterprising music dealers, are leading the music business of central Illinois. They are receiving and sending out pianos and organs every day. They do it simply from this fact: They buy all their goods from manufacturers, and consequently can sell a better instrument for less money than any and all the one-horse peddlers who sell inferior instruments obtained on consignment. Consult your interest by giving them a call.

## DIED.

A telegram received to-day from Chicago, by Mrs. H. Gardiner, announces the death in that city this morning of COL. L. B. SMITH.

The deceased was well-known to many of our citizens, having resided here a number of years, as agent of the Merchants' Union Express Company. For the past year he has been residing in Chicago, where he held the important position of Assistant Auditor of the Illinois Central Railroad Co. His health has been feeble for some years, his malady being an affection of the lungs. His death, we learn, resulted from hemorrhage. He leaves a wife (formerly Miss Augusta Bradley, of this city), and one child.

## PERSONAL MENTION.

Mr. Felix Garver, of Monticello, called at our office this morning in company with his father, David Garver, Esq. He speaks of Monticello as being in a prosperous condition.

Rev. J. B. Colwell, having closed a three years' pastorate of the Harristown Circuit, has removed to Lincoln, Ill., having been placed in charge of the Lincoln Circuit by the Conference, of which he is a member. He leaves a host of friends on that circuit who send to him their kind regards and best wishes. The circuit has been divided and made into two circuits—Rev. D. E. May has charge of Harristown, and Rev. J. Montgomery, of Illiopolis.

**A Great Chance.**—The attention of all the people is called to the great bankrupt sale of dry goods, shoes and woolens now going on at Cooper's old stand, 24 Merchant street. The stock is large, comprising prints, dress goods, crashes, white goods, hosiery, ribbons, shawls, blankets and flannels, with a great variety of articles too numerous to mention, all of which must be closed out by the first of November, without regard to cost. 12-dawtf

## THE CHICAGO TRIBUNE FOR 1876.

Among the LEADING REPUBLICAN JOURNALS of the United States, none takes higher rank than THE CHICAGO TRIBUNE. The coming year will be one of deep and absorbing political interest. For the first time since the days of Buchanan's Presidency the Democratic party has secured control of the House of Representatives and will virtually be responsible for the legislation of Congress. A great Presidential campaign will commence next spring, and the political issues will be shaped by the ensuing session of Congress. Every intelligent citizen will find such a journal as THE CHICAGO TRIBUNE indispensable for the political news and facts it will contain.

THE TRIBUNE is a sound Republican paper, giving full and reliable information as to all public improvements, measures and events, and discussing earnestly and fairly all questions, whether political, financial, industrial, agricultural, social, literary or scientific, which come before the people.

The Political department is but one of the many excellent features of what the publishers propose to make the best and most useful family and home paper in the United States. To this end, the News department, second to that of no other paper, will be supplemented by extended personal and statistical comment and biographical and historical sketches. Thus will be presented the fact or occurrence with full explanation and information to enable the reader to understand its importance and bearing.

The Literary department, always of the highest character, will include the best stories, foreign correspondence, interesting personal and general sketches, reviews of books, art criticism news and gossip.

Articles on Health, Fashion and Home Construction and Adornment will be prominent features, and a special effort will be made in behalf of the young people to entertain and instruct them.

The Agricultural department will be eminently practical, the matter always reasonable and suited to direct application to the every day home life of the farmer. In this connection household and economical topics will receive due attention.

THE TRIBUNE Market Reports, embracing all the information concerning the price, both of what the farmer has to sell and what he must buy, have always been the subject of most favorable comment, and the Financial department takes as high rank.

THE WEEKLY TRIBUNE, a large eight-page sheet, clearly printed, is mailed to single subscribers at the low rate of $1.50 per year, postage paid, or in clubs of five at the rate of $1.30, postage paid, in clubs of ten at the rate of $1.25, postage paid, and in clubs of twenty at the rate of One Dollar per year, the subscriber to remit the postage, which is fifteen cents. A free copy is sent to the getter up of a club of twenty. THE TRI-WEEKLY TRIBUNE is mailed to subscribers at the rate of $6.50 per year, postage paid, and THE DAILY at $13.00 per year, postage paid.

Republicans are urged to form clubs for THE WEEKLY. Specimen copies and posters will be sent free on application.

Dr. Mary Walker, innocent soul, thinks her style of clothing would induce matrimony, because the present style frightens men away from matrimony by its enormous expensiveness. The honest creature has never reflected that the women would make it just as expensive as what they wear now. The idea that Mrs. Brown would wear pants of broadcloth while that ridiculous Mrs. Jones wore pants of velvet! Never! Perish the miserable thought! Or that Mrs. Smith would appear in public wearing a pair with common illusion ruffles down the seams, while that absurd old fright of a Mrs. Green had real lace stripes and a gold-embroidered waist-band! My stars! Did ever you hear of such a thing! No, I thank you. Mrs. Brown's father could have bought and sold Mrs. Jones' father a dozen times, and Mrs. Smith remembers too well how the parents of Mrs. Green had to pinch and scrape to make that scrawny daughter of theirs look *decent* and why should *she* go giving herself *airs* now, when some folks were a good deal *her betters* and could *show* her so? Alas! Mrs. D. M. W. does not know her sex. If the styles were reduced back to the original verdant apron, the dear creatures would make that one single article of dress cost enough to make her husband shabby and indigent for life. It is in them.

### *READ THIS STATEMENT.*

For the benefit of our patrons and all who are suffering from Liver Complaint or any form of Bilious disease, we give the following statement of the case of one of the oldest and most prominent citizens of Decatur—Mr. Wm. Lintner, of the firm of Wm. Lintner & Co., furniture and pump manufacturers:

Some eight months ago Mr. Lintner's health began to fail in consequence of bilious derangement, and he gradually and steadily grew worse, until his recovery was entirely despaired of by his friends and many able physicians. At their suggestion, some three months ago, in company with his son, he went to New York and put himself under treatment at the best medical institution to be found, bringing to his aid all that money and science could command, but instead of encouragement, after three weeks' careful study of his case, Dr. Foster (Clifton Springs, N. Y.) told him his liver was almost entirely hardened and that his case was utterly hopeless, that no medicine could do him any good, and he advised him to return to his friends, arrange his business affairs, take no medicine, and live as comfortably as possible so long as he might, which could not be long. He was brought home, given up by *all* as beyond human aid. He laid in a gradually sinking condition, vomiting daily, and looking more like a corpse than a living man, when a friend whose wife had received great benefit from it, requested him to try *Malarion*, which he did, and he began to improve within a few hours after taking the first dose. His vomiting gradually ceased, his bowels became regular, and he grew stronger and better for three weeks, when his friends, becoming hopeful of his recovery, had a consultation, and finding out what he was taking they took Malarion from him and prescribed other medicines, which he took for about a week, when his old symptoms came back upon him, vomiting again set in, and he was forced to return to the remedy which first gave him relief, and since then he has taken no other medicine than Malarion. He has taken less than two bottles, and is to-day nearly a well man, with more youthful vigor and buoyancy, and promise of better health than he has had for years, and he says unhesitatingly, "MALARION HAS SAVED MY LIFE." SNYDER & GUE, General Agents for Malarion.

I hereby certify that the above statement of my case is correct and true.
WM. LINTNER.

## Hair Vigor,

**For restoring to Gray Hair its natural Vitality and Color.**

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

This standard article is compounded with the greatest care.

Its effects are as wonderful and as satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing, nothing has been found so effectual or desirable.

A. A. Hayes, M. D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

## ADAMS HOUSE,

FOOT OF LAKE STREET,

Opposite Union Depot, *CHICAGO.*

THE ADAMS HOUSE, SO POPULAR before its destruction at the great fire of 1871, has been rebuilt, and is now open to the public. It is newly furnished in a substantial and comfortable manner, but without the ginger-bread ornamentation, which is so expensive in a hotel, and so useless to the comfort of its guests. The table will furnish wholesome food, well cooked; the beds will always be clean, and the proprietors will in all particulars maintain a home-like, comfortable, quiet, orderly and sensible house, at the popular price of $2,00 per day.

We bespeak the patronage of the traveling community, feeling sure that the general character of the house will give entire satisfaction. BLENIS & MURPHY, Prop's.
SAM'L F. HAWLEY, Manager. Oct 17-dtf.

## Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption,** cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy, it is adequate, on which the public may rely for full protection. By curing **Coughs,** the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis,** when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
